

Christopher DePatria

Chief Revenue Officer at Signpost

April 28, 2016, Christopher was senior to Paige but didn't manage directly

Paige was one of the hardest workers at Signpost. In her first few months she was out working all of our veterans and pushing the bar higher. She was extremely successful on the sales team and was promoted several times including winning several PC trips. I would recommend her to any sales organization!

Jarred Victor Curcio

Sales Manager at Qualia

December 22, 2015, Jarred Victor managed Paige directly

I was Paige's direct sales manager for some time and I would not hesitate to recommend her for any sales, account management, or customer service position. During my time working with her, Paige was the top salesperson on our floor.

Paige is a self-starter and very competitive. She is among the best I've seen at building lasting professional relationships and turning a sales call into something much more.

Paige is an outstanding salesperson and a wonderful employee. I cannot speak highly enough of her skills and ability. Any organization would be lucky to have her. [See less](#)

Jimmy Mills

Working for a greater tomorrow, today

February 14, 2014, Paige worked with Jimmy in the same group

After working with Paige I can say with no hesitation that she is a go-getter and excels at everything she takes on. She has the drive and determination to be successful at any job and is a consummate professional. I would highly recommend Paige.
